Fundamentals. Military strategy is the planning and execution of the contest between groups of armed adversaries. Strategy, which is a subdiscipline of warfare and of foreign policy, is a principal tool to secure national interests. It is larger in perspective than military tactics, which involves the disposition and maneuver of units on a particular sea or battlefield, but less broad than ...

Artwork by Mel Hunter (1959) As you probably already know, "strategy" refers to the science of successfully fighting an entire campaign or war, while "tactics" refers to the science of successfully fighting a single battle. Predictably some military strategy and tactics are general enough to apply to interplanetary combat, while others do not work at all in the space environment.
