As the most widely documented language in human history, English holds a unique key to unlocking some of the mysteries of the uniquely human endowment of language. Yet the field of World Englishes has remained somewhat marginal in linguistic theory. This collection heralds a more direct and mutually constructive engagement with current linguistic theories, questions, and methodologies.

become more permissive language about but that does not mean there are no more critics; in fact, the polarizing effect of the prescriptivist-permissivist battle has probably increased their number and hardened their opinions. And "in my view" a great many of their opinions remain right, if there is such a thing as good English.
