Most fun is to make your own castings at home. Composting your own kitchen scraps, thus keeping them out of the landfill or sewage system (for those of us with disposals) is a small reward in a project that gives you a great soil amendment as well as a fascinating science lesson not necessarily just for kids.

The blackberry is an edible fruit produced by many species in the genus *Rubus* in the family Rosaceae, hybrids among these species within the subgenus *Rubus*, and hybrids between the subgenera *Rubus* and *Idaeobatus*. The taxonomy of the blackberries has historically been confused because of hybridization and apomixis, so that species have often been grouped together and called species aggregates.
