The primacy of perception leads to a traditional problem. Perception inherently involves a datum, clear or unclear, something that exists for someone, happens to someone, or is present before someone. Perception remains a being-for. If one begins with perception, then interaction seems to consist of two individual percepts.

Maurice Merleau-Ponty: Selected Bibliography

Phenomenology of Perception is a 1945 book by the French philosopher Maurice Merleau-Ponty, in which the author expounds his thesis of "the primacy of perception". The work established Merleau-Ponty as the pre-eminent philosopher of the body, and is considered a major statement of French existentialism. The relationship between Phenomenology of Perception and Merleau-Ponty's late, unfinished work has received much scholarly discussion.

Phenomenology of Perception - Wikipedia

The primacy of perception. From the time of writing Structure of Behavior and Phenomenology of Perception, Merleau-Ponty wanted to show, in opposition to the idea that drove the tradition beginning with John Locke, that perception was not the causal product of atomic sensations.
