From the Renaissance (ca. 1400–1600) to the eighteenth-century Age of Enlightenment, women were consistently considered to be inferior to men and their role in society continued to be primarily domestic. However, the representation of and attitude toward women started to gradually improve, particularly through the medium of literature.

intelligent women in the salons, he was cheerfully misogynistic. In his book Emile he wrote, "Men and women are not equal, it is the part of one to be active and strong, the other to be passive and weak. Woman is intended to please man and their education must be wholly directed to give them pleasure, and to be useful to them".
